

Managing Childhood Illnesses Webinar

NHS services are under significant pressure this Winter.

There can be a lot of anxiety and uncertainty about the best way to deal with common illnesses that may develop in our children.

Join us for a live webinar lead by BBC Breakfast regular GP Dr William Bird. Find out what you can do to help your children, how you can access the health help you need, and how best to deal with childhood illnesses to relieve pressure on the NHS.

It will feature a presentation on the management of childhood illnesses followed by Live Q&A with a local GP and Paediatricians Dr Ak Hussain and Dr Ravi Kumar from the Royal Berkshire Hospital.

Everyone is welcome, please share the free event! We really hope you are able to join us.

Date: Tuesday 30 November

Time: 7.00pm
