

6th April 2022

Dear Parents/Carers,

Dr Bike – Westende Junior School

Wednesday 27th May

In conjunction with My Journey and Wokingham Borough Council, we are very proud to be hosting Dr Bike, a mobile bicycle maintenance service, offered free of charge, that is run by an experienced bicycle mechanic. The mechanic will be able to conduct basic checks on bicycles, including checking brakes, tyres and steering. This is a perfect opportunity to get your child's bike checked over before the summer when they may be out and about on it more regularly.

We have 15 spaces available.

On the day, please bring your bicycle through to the side gate in the main playground. Upon arrival, your bike will have a name label attached to the handle bars. During the day, the mechanic will check over your bike. If the mechanic has any recommendations or has identified any faults he is unable to fix on the day, then a form will be attached to the handle bar. **Please ensure you read the Dr Bike form once you receive your bike back at the end of the day.**

Please complete the reply slip below and return it to Mrs Humphris or Mrs Donaldson as soon as possible.

Kind regards,

Mrs Donaldson
